NEWS ITEMS

Events at the Capital City. Plan to attend the state forensic debate and dramatic contest in Madison, March 31 and April 1. This year, by special arrangement, railroad rates and special hotel accommodations are available. See special news items.

Dramatic Contest. Read carefully pages 23, 24, 25, 31, and 32 of the September, 1930, News Letter for this contest in order that there may be no misunderstanding.

Debate. Read carefully pages 20, 23, and 29 of the September, 1930, News Letter in preparation for the debate contest.

Use of the Same Selection. By ruling of the Board, March, 1926, no contestant is permitted to use the same selection more than one year.

Hotel. Special arrangements have been made with the management of the Park Hotel for rooms with bath at \$1 per person per night when two or more persons occupy the same room. There are many large rooms with private baths which will accommodate five or six people. Make reservations with Mr. Walter Pocock, Manager, Park Hotel.

Railroad Rates. The special fare introduced by Wisconsin carriers on January 1, 1931, for a trial period of six months proved fairly satisfactory. Because of the satisfactory trial period the carriers operating in Wisconsin have agreed to continue this special arrangement until June 30, 1932. In other words the special fare for secondary school groups under which ten or more are given a single fare for the round trip will be effective for the present school year.

Each high school group desiring the special fare must present a special certificate. These certificates can only be secured through the Secretary of the W. I. A. A., Mr. P. F. Neverman, Marinette, Wisconsin. Schools are urged to secure required certificates at once in order that they may be available when needed.

High School principals and coaches are urged to use the railroads whenever possible. A satisfactory use of railroads during the year will encourage the carriers to continue the special fare after this year. Failure of the schools to use the railroads will mean the non-continuance of this special fare after the present year. (From The Wisconsin Interscholastic Athletic Association Bulletin, September, 1931.)

Extemporaneous Speaking and Extemporaneous Reading Contests. For extemporaneous speaking contest see September, 1930, News Letter, page 19, and article by Professor H. W. Ewbank in February, 1930, News Letter, page 2. Loan package libraries on topics in magazines listed, supplementing local library facilities, may be borrowed upon request from the Department of Debating and Public Discussion, University Extension Division. Each school must supply for itself the particular issues of the magazines from which the topics are taken.

For extemporaneous reading plan see September, 1930, News Letter, pages 19, 20, 21, and 22, and the article by Professor Gertrude E. Johnson, in the February, 1931, News Letter.

Latest date for registration is March 26. Because of the unavoidable delay in the publication of this issue of the News Letter, the time limit for registration is extended to March 26. From present indications this year's registration will exceed last year's. Has your school registered and received the thirty-one selections furnished by the Association? Will your district be first to reach 100 per cent membership?

Report Blank for Debate. Fill out and return as requested the report blank enclosed. This information is necessary to compile statistics on this activity of the Association. Can we not depend upon your co-operation?

Debate Question for Next Year. You are urged to send to the secretary any suggestions for next year's debate question.

How Debate Helps in Life. The January, 1932, issue of The Gavel, official publication of Delta Sigma Rho, Honorary Forensic Society, discusses the subject. A limited supply is available. A copy will be sent as long as the supply lasts to any member of the Wisconsin High School Forensic Association. Write directly to Professor H. A. White, University of Nebraska, Lincoln, Nebraska, stating that your school is a member of the Wisconsin High School Forensic Association. The material is especially valuable for general publicity.

MISS ETHEL THEODORA ROCKWELL, Adviser in Dramatics,

GREETINGS FROM AARON TIETELBAUM, PRESIDENT OF THE UNIVERSITY FORENSIC BOARD

Soon we at Madison will be gladly hurrying to our beautiful State Capitol to listen and to be pursuaded by the arguments of the members of the six winning debate teams who will be discussing the timely question of Unemployment Insurance. The place will be most appropriate for it was there in the State Capitol during the last session of the legislature that a bill for Unemployment Insurance was passed, the first law of its kind in our Nation. We shall be charmed as we hear the varied flashes of oratory and be moved as we listen to the excellent and sincere extempore speeches. There will be much applause—in time the last speaker will have finished—then tense moments of waiting for the critic's decision—even more applause, followed by the awarding of honors and then those proud moments when the winners will pinch themselves to know whether it's all true.

Here we reach the very peak—the culmination of the year's hard work and it is good to know that not only have the finalists gained much through such speech training but that every one of the hundreds of high school people of 367 schools, members of the Wisconsin High School Forensic Association (four hundred membership anticipated this year) are also the direct beneficiaries because of their participation in speech work.

It is needless for me to outline all the positive values of forensic activity for most of you appreciate those values; but I do wish to say that from a study which I have just completed it is a fact that every person who has taken part in some high school forensic exercise has a greater chance of making the university teams; also these various contests in which all of you have taken part smack of the contests which must be met in our present-day life where the one who leads is the one who can most convincingly express his thoughts and sell his ideas.

The Forensic Board of the University will again be one of your grateful hosts ready to meet you and delighted to hear and entertain you.

GREETINGS FROM SAMUEL STEINMAN, PRESIDENT OF WISCONSIN UNIVERSITY PLAYERS

Dramatic activity on the campus of the University of Wisconsin has reached a new peak during the year of 1931-32. More plays have been produced. More people have participated in dramatic activities. Five hundred people took part in a one-act play production contest. An equal number have partaken in the activities of Wisconsin Players and the University Theatre. An original play contest is about to be launched. The students of the University of Wisconsin are drama-minded to a greater extent today than they have ever been in the past. This is no mere boast. It is a statement borne out by fact.

It is with the utmost pleasure that the Wisconsin University Players and the University Theatre send you this message of greetings. We are ready to do our best to make you feel at home at this collegiate capital of the drama. We are certain that your visit at the university and in Madison for the State Dramatic Contest will be an experience you will remember for a long time.
