Introduction/Transitions

Score: 5 Very appropriate piece and the introduction and evenly shared. You told us where you were taking us for your presentation.

Conveying Meaning

Score: 4. The two of you were very consistent with who your character swere. Sounds like something I would have done back in the day. The scene did not build to a climax as I would have thought, as I was expecting a longer delivery.
Very believable characters.

Vocal Delivery

Score: 5 Youu had a variety of vocal differences...loud, soft, fast, as well as slow...not even talking.
You were very clear and easy to understand.
Your characters were consistent

Physical Delivery

Score: 5 Good use of the whole space, and a variety of blocking. You were up/down/facing away...not just always forward.

Overall Effect

Score: 5 The piece was well done. You each contributed to the piece equally. Thank you for being a part of Forensics. Well done and Congratulations for making it to State!
